CITY OF TAMPA SELLS IMPROVEMENT BONDS.

Tampa municipal bonds for street improvements, and for the purchase of the Tampa Bay Hotel, have been sold to Messrs. Neil, Roth & Co., of Cincinnati, who were the highest bidders, says the Jacksonville Metropolis. The firm bid \$309,080 for the \$300,000 worth of public improvement bonds, and \$103,215 for the \$100,000 worth of the Tampa Bay Hotel purchase bonds, the City Council reserving \$40,000 in the Tampa Bay Hotel purchase bonds, which will be invested in the city's sinking fund.

Bids were received from a large number of the leading banking firms and brokers of the large cities, every bidder offering a premium for the bonds. Tampa's four banking institutions, by bidding on the bonds, also made an attempt to secure them.

The bonds will now be submitted to Messrs. Hubbard and Dillon, bonding experts of New York, for investigation, and if they are found to be satisfactory they will be immediately turned over to the purchasers, who are ready to give spot cash for them. This will give Tampa the power to begin the street work, which has been so long desired in that city.

Mayo Salmonson has declined to sign the Tampa Bay Hotel purchase bonds until ordered to do so by the circuit court, over which Judge Jno. P. Wall presides.

PHOTOGRAPHS MADE OF TWO NEGRO CONVICTS.

Photographs of Shadwick Bardwell and Will Young, two negro convicts, were taken yesterday. These two negroes will shortly be taken to the convict camps to serve long sentences.

Bardwell is the negro who brutally assaulted H. H. Thornton's little son, and was convicted and sentenced to serve ten years. Tatum will serve a like sentence.

Late Train Sunday Night.

The Terminal Company has arranged to run a late train Sunday night to and from Barrancas. The train will leave the latter place promptly at 11 o'clock for Pensacola.

CHIPLEY

Special to The Journal.

Chipley, June 10.—The writer once stepped into the office of Josh Billings in Poughkeepsie, N. Y. to get his autograph and Josh wrote: "Marry young and, if circumstances require it, often. Never be without a woman long at a time." We have an old man of 76 in our town of the same opinion. He buried a wife on Sunday, went courting on Monday and in a few days was married again.

Mr. Homer Farber and his brother-in-law came in this week from Washington, Pa., with two saw mills, engines, boilers and planing mill machinery. He is going to set up on some timber land he bought half mile from Chipley. He will put up some nice residences there and will make that his permanent home.

Messrs. Crow and Buford have put up a large mill plant on Blue lake, two miles south of Chipley, and are just getting into operation. They have a big boom containing hundreds of logs. Circuit court at Vernon closed this week and Chipley is in a normal condition again.

The dry, warm weather now prevailing has given the farmers a chance to catch up with the grass and the farms are all in good condition and crops look fine.

They are still working slowly with the oil well, but they say the prospects are as good as they were with the best wells at Beaumont.

VALUE OF NEWSPAPER SPACE.

Advertising by use of placards, posters and similar means has its advantages, but it has been demonstrated beyond peradventure that the expenditure that brings the best and most lasting results comes through the medium of the daily newspaper.

There is a freshness about the newspaper that cannot be found in the poster or dodger, while the daily appearance of the advertisement, together with the features of the daily journal, impress the readers as other forms of advertising cannot.

That this view of the value of space in the newspaper is correct is shown by the liberal use of the daily journals by all of the successful merchants, who contract for large spaces and expend many hundreds of dollars in this medium. Everybody reads the papers, that is the secret of the use of their columns by men who wish to sell their goods. —Chester, Pa., Times.

ST. ANDREWS

Special to The Journal.

St. Andrews, June 10.—Mr. Horton, a drummer from Mobile, is in our town for a few days.

Invitations are out announcing the marriage, which is to occur on Wednesday at Graceville, of Miss Gertrude Dayton, formerly of Parker, to Mr. Robert Willard, nephew of the late Miss Francis E. Willard. Both parties are well known here and in neighboring towns.

After many weeks of suffering the little 4 year old son of Mr. and Mrs. O'Connor died at the residence of Mrs. Crippon on June 2. The heartbroken parents have the sympathy of all.

Mr. D. M. Witherill and family, former residents of this place, but now of Pensacola, are visiting Mr. and Mrs. Frank Witherill at "The Palms."

On Tuesday last, by arrangement, the Sunday schools, Baptist, Methodist and Presbyterian, had a union picnic at the beautiful Harrison park, two and one-half miles east of town. The schooner "Crawford" and launch "Lenore" safely deposited a goodly number of children and older ones with well filled baskets at an early hour. A long and enjoyable day was spent by all. Each and every one became, or were, children for the time being and as one of the party was heard to remark: "It seems that every one is trying to make the occasion pleasant for some one else."

Mr. J. H. Drummond is at home after a month's absence.

Mr. L. M. Ware, Jr. is serving on the grand jury this week at Vernon.

Mr. C. L. Lethbrun, of Pensacola, is enjoying the fishing and hunting he and his likes best on St. Andrews Bay.

Mrs. F. A. Witherill's sister, Miss Ashrop, of Birmingham, Ala., arrived in the Tarpon this week and expects to spend the greater part of the summer here.

Thinking and Doing.

I have been a great deal happier since I have given up thinking about what is easy and pleasant and being discontented because I could not have my own way. Our life is determined for us, and it makes the mind very free when we give up wishing and only think of bearing what is laid upon us and doing what is given us to do. —George Eliot.

A Witty Diagnosis.

The object of the duel is said to be the healing of wounded honor. To try to cure a wound of the spirit, or, rather, the temper, by a scratch on the skin cures of homeopathy, but may perhaps be justified by the surgical principle of relieving tension by incision. —British Medical Journal.

Homemaking.

Men do not make their homes unhappy because they have genius, but because they have not enough genius. A mind and sentiments of a higher order would render them capable of being and feeling all the beauty of domestic ties. —Wordsworth.

Unimportant Man.

Many a man goes away from home for a week and imagines that he is missed by the whole community, and when he comes home he finds that there isn't a person in town that knew he had been away.

So work the honeybees, creatures that by a rule in nature teach the act to order to a peopled kingdom. —Shakespeare.

Had Read About Him.

"Now, boys," said the Sunday school teacher, addressing the juvenile class, "any of you tell me anything about 'Friday'?"

"Yes, ma'am, I can," replied the boy the foot of the class. "He was the fellow who done the housework for Robinson Crusoe."
